

CHEM CLEAN SPECIAL

Low Temp Heavy Duty Dishmachine Detergent

Description

A highly concentrated dishmachine detergent that is designed for fast removal in extremely hard water conditions. It is formulated to produce clean glasses and dishes in water conditions that contain heavy iron and lime scale. Chem Clean Special is a high alkaline liquid formulation which breaks down stubborn food soils, greases, and oils.

Recommendation Dilution Ratios:

Call your Chemtron Specialist for technical information.

Directions:

To be injected through an electric or hydraulic detergent dispenser only. Consult a Chemtron Specialist for titration setting.
